

Influenza Virus and Vaccine Update 2024-2025

A PHARMACY HOME STUDY CE PROGRAM

Continuing Education Overview

GOALS FOR THIS ACTIVITY

The purpose of this activity is to provide the participant with a review of the influenza vaccines and ACIP recommendations for the 2024-25 influenza season.

LEARNING OBJECTIVES

Upon completion of this CE activity, the participant will be able to do the following:

Pharmacists

- Identify the influenza vaccine virus strains for the 2024–25 influenza season
- Explain the ACIP recommendations for the influenza vaccine, including use in special populations
- Compare the influenza vaccines indications, presentations, and excipients
- Discuss co-administration of the influenza vaccines with other vaccines

Pharmacy Technicians

- Identify the influenza vaccine virus strains for the 2024–25 influenza season
- Identify the ACIP recommendations for the influenza vaccine use in 2024-25
- Discuss differences in influenza vaccine presentations, indications, administration and excipients
- Discuss co-administration of the influenza vaccines with other vaccines
