

**2026 KNOWLEDGE-BASED HOME-STUDY CE
FOR PHARMACISTS AND PHARMACY TECHNICIANS**
Practical Pediatrics: Implementing the KIDs List to Improve Drug Safety

Speaker: David Hoff, PharmD, BCPPS, FCCP, FPPA, Independent Consultant and Contractor, Lakeville, MN

Pharmacist Learning Objectives

Upon completion of this knowledge-based CE activity, the Pharmacist and Pharmacy Technician will be able to do the following:

- Describe the methodology used in the development of the KIDs List
- Explain updates to the KIDs List, including the rationale behind changes to recommendations
- Select objective strategies for the practical application of the KIDs List in clinical practice to improve pediatric medication safety

Pharmacy Technician Learning Objectives

Upon completion of this knowledge-based CE activity, the Pharmacist and Pharmacy Technician will be able to do the following:

- Identify the role of the KIDs List in pediatric drug safety
- Recognize several drugs or drug classes that are potentially inappropriate for use in pediatric patients
- Identify opportunities to implement the KIDs List into everyday Pharmacy Technician practice to improve pediatric drug safety
