

## 2026 KNOWLEDGE-BASED HOME-STUDY CE FOR PHARMACISTS AND PHARMACY TECHNICIANS

### CREATING A PRACTICAL LEARNING PLAN: EFFECTIVELY BALANCING WORK AND PRECEPTING DUTIES

**Speaker:** Suzanne Higginbotham, PharmD BCACP, CDCES, Clinical Pharmacist, Division of General Internal Medicine, OSU Physicians, Outpatient Care New Albany, Westerville, OH

#### **Learning Objectives**

Upon completion of this knowledge-based CE activity, the participant will be able to do the following:

- Identify strategies for creating a learning plan that is realistic and achievable while considering time constraints and workload
- Describe methods for incorporating precepting duties into daily work schedule without compromising professional responsibility
- Select precepting strategies to meet different needs of various learners within context of work environment
- Outline techniques for evaluating and prioritizing work and precepting tasks to ensure both are balanced and effectively managed

#### **Accreditation Information:**

**ACPE UAN:** 0122-0000-26-019-H04-P/T

**CPE Credit Hours:** 1.0 hours (0.1 CEU) of CE credit

**Release Date:** January 28, 2026

**Expiration Date:** January 28, 2029

**Disclosure:** Dr. Higginbotham, the moderators and the planners for this activity have no relevant financial relationship(s) with ineligible companies to disclose.

**Sponsorship:** This program is conducted solely by Premier and has no commercial or non-commercial support or sponsorship.

#### **To participate and obtain CE credit, participants must complete the following steps:**

1. Log on to [Premier's CE website](#) to register for the activity under "Home Study CE"
2. View and listen to the recorded activity
3. Complete both the post-test learning assessment questions and the activity evaluation within 45 days of the event.

[Click here](#) to view CE webinar system requirements for the learner to complete the online activity, including the internet browser(s) supported and minimum versions of each, and the minimum memory, storage, processor, and internet.

**Note:** CPE participation will be provided to CPE Monitor if the participant attains a passing grade of 70% or better on the post-test learning assessment questions. NABP e-profile ID number and birthdate (MMDD) must be provided by participants to receive CE credit.

Premier, Inc. is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This CE activity is provided as a free, value-added service to Premier health-system pharmacy staff.

For any questions regarding the CE activity, please contact [Premier's Pharmacy Team](#).

- Outline techniques for evaluating and prioritizing work and precepting tasks to ensure both are balanced and effectively managed

#### **Speaker Bio:**

**Suzanne K. Higginbotham, PharmD, BCACP, CTTS, CDCES** is a clinical pharmacist at The Ohio State University Division of General Internal Medicine clinics.

She received her Bachelor of Science degree from The Ohio State University, Doctor of Pharmacy degree from Duquesne University and continued with a two-year Academic and Research Fellowship with a focus in ambulatory care at Duquesne from July 2008 to June 2010. Suzanne is a Board-Certified Ambulatory Care Specialist, and certified tobacco treatment specialist, and certified diabetes care and education specialist. She provides comprehensive patient-centered care to patients within the interdisciplinary general internal medicine clinic team. Her efforts are focused in diabetes, hypertension, smoking cessation, nicotine dependence, weight management, transitional care management, along with medication management for complex patients.

Prior to joining the pharmacy team at OSU Physicians Inc., Suzanne served as the director of the Center for Pharmacy Care, a pharmacist-run ambulatory care center at Duquesne from July 2010 through December 2019. Her research efforts have included assessing the impact of pharmacists on increasing adult immunization rates, education and counseling on naloxone in the community setting, and pharmacists' impact on hospital readmission rates.
